This TCL TV supports them all !

Play like a Pro

For gamers, a responsive TV is just as important as one with a smooth and clear picture. With HDMI 2.1, ALLM, 144Hz VRR and 120Hz VRR supported, an improved game bar, FreeSync Premium and 240Hz Game Accelerator you'll experience the smoothest action, lowest latency and the best picture settings for gaming, automatically.

SOUND BEYOND EXPECTATIONS

ONKYO 2.1* sound system with Dolby Atmos

Immersive cinema audio experience at home

Integrated ONKYO stereo speakers for clarity and subwoofer for deep bass means a more immersive Dolby Atmos experience at home.

Easily cast your mobile, tablet or laptop onto your big TCL TV.

When bigger is better, mirror it.

Premium and elegant frameless design

No frame on the front for a bigger screen and more picture that you love.

Elegant adjustable dual stand position

Elegant and smart: the bezel less luxury design of TCL C65 Series comes with an adjustable dual position stand.
